### Full product description

#### DIAMANTE LINK S3 shoes:

##### Description:

Comfortable and ergonomic footwear in **S3 class** made of the **highest quality waterproof full-grain leather**, equipped with a composite toe cap, which protects the toes against **200J** impact.

The toe cap is wide, **very light and does not conduct electricity**.

Upper made of **breathable mesh fabric**.

The shoes also have **a textile anti-puncture midsole**, which is flexible, light and facilitates mobility at all times through **adapting to the natural shape of the foot**.

Durable dual density polyurethane sole, non-slip, **resistant to oils and hydrocarbons**.

##### Energy absorption in the heel part.

**Antistatic properties** and increased resistance to soaking and water absorption.

Also a great advantage is the extremely comfortable 4.5mm thick insole, which is **anti-static, anti-fungal, anti-bacterial**.

The footwear is **OEKO-TEX** certified. The fabrics used in its production are free of substances that can be hazardous to people or the environment.

##### Colour:

black

##### Sizes:

39-48

In order to correctly select the size of footwear draw the foot on a piece of paper, then measure the largest distance (from the big toe to the center of the heel end), add about 0.5-1cm. Based on this, look for the size of shoes in our table.

Size chart		
UK	EUR	Foot length (cm)
6	39	25,5
6,5	40	26
7,5	41	26,5
8	42	27
9	43	28
9,5	44	28,5
10,5	45	29
11,5	46	29,5

**Standards/Certificates:**  
EN 20345.
